

# EXPRESS DELUXE

WORLD'S LARGEST MOTORCYCLE MANUFACTURER

## Express De Luxe - an even better buy

We've made some sophisticated changes to the Express in this latest de luxe model. Still the same tried and tested, popular and appealing run-about, but now complete with indicators, leg shields, fuel gauge, steering lock and an effortless kickstart.

You can reach around 30 mph without the bother of gear changing, and easily achieve over 100 mpg.

**Simple to ride** - Just turn on the ignition, step on the kickstarter and with the engine running, twist the throttle and away you go, as simple as riding a bicycle without the effort. No clutch, no gears.

The Express is simple to start, simple to ride, simple to stop and, very simply, is one of the most reliable machines ever built. You won't buy better.
